One Village - One Future

*The mission of the Village is to provide responsive and effective municipal services toward the goal of maintaining a good quality of life for residents and businesses within the community.*

Village of Hanover Park

November – December, 2016

## Senior Housing Proposed at 900 Irving Park Road

Aman Living, LLC has purchased the 11-acre site, and is proposing construction of a senior housing development, which calls for age-restricted ranch-style and two-story townhomes, condos, assisted living units, memory care units, and a retail pad.

*Ground-breaking with Mayor and elected officials, staff and the developer team*

This Fall, you will see construction activity on the site related to the removal of the parking lot and mass grading. Asphalt will be mulched and stored on site during the winter to be spread as sub-base for streets, as weather permits, in late-winter/early spring. This is an environmentally-friendly option rather than it being sent to a land-fill. Preparing the site this Fall will enable the project to move forward efficiently in Spring, following Village approval.

While a development proposal was presented to the Development Commission in May 2016, the developer intends to present the plan with some modifications this winter through a Public Hearing process.

If you have any questions related to the status of this project, please feel free to call Community Development at **630.823.5780** or email [communitydevelopment@hpil.org](mailto:communitydevelopment@hpil.org)

## Veterans Day Observance

The Veteran's Committee invites all residents to attend our Veterans Day Observance on Friday, November 11<sup>th</sup>, to honor and recognize Hanover Park Veterans.

**The event will take place at 7:00 p.m. in the Public Works Garage located at 2041 Lake Street.**

# Minute with the Mayor . . . . .

Being able to hire a Chief of Police from within the police department is sign of the excellent leadership development we have at the police department. With the retirement of Chief Webb, an opportunity existed for a chain of promotions for those responsible for the safety and success of our community. We are truly blessed in Hanover Park and welcome Chief of Police Michael Menough, Deputy Chief Joe Ciancio, Lieutenant Matt Riedel and Sergeant Victor DiVito in their new supervisory roles.

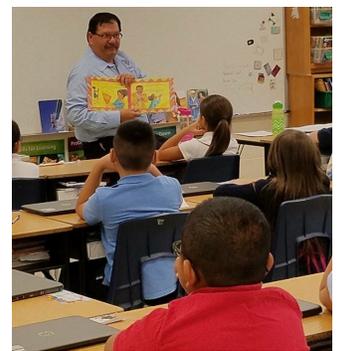

I am excited about the fact that the DuPage County Forest Preserve District and the County of DuPage are constructing a bridge over County Farm Road in order to extend the bike trail through Mallard Lake and Hawk Hollow Forest Preserves. The Village received federal funds to construct a trail connecting the Mayfair Station subdivision area from Lawrence Avenue to this new trail. This new connection will provide residents a great trail to walk, run or bike on!

On October 26<sup>th</sup>, at the PD Community Room, a planned workshop was held to identify ways to improve pedestrian and bicycle access to businesses, parks, and residential areas along Irving Park Road near Barrington Road. Village Officials and staff are working hard to make the residents daily lives safer and easier thus improving our quality of life.

Many thanks to those who came to our Fire Department Open House. I had a great time meeting and speaking with families. It was a beautiful day and a lot of fun for the whole family. What a great way to showcase our top-notch Fire Department!

I had a wonderful time at Laurel Hill School reading with the children and talking about our community. Their interest and enthusiasm for life energizes me! I can't wait for my next visit.

I recently spent time visiting with members of the Conference of Asian Christian leaders in Hanover Park. Thank you Pastor Idicula for the invitation to speak about our hometown.

As the holidays approach, I would like to take this opportunity to wish you a Happy Holiday season. This is a time when families come together and count their blessings. Take time to enjoy your family and friends. Join us at our Tree Lighting event on December 2nd for a fun-filled, family event.

Finally, it continues to be my pleasure to represent the people of Hanover Park, our hometown. We cannot do it without you! Take the time to volunteer and give back to our wonderful town, at the Schools, Churches, or assisting on the playing field. We are a Village that believes all youth will achieve and have hope for success without exception. Together we are finding ways to believe in our youth and together we can make a difference in Hanover Park.

Sincerely,

Rodney S. Craig, Village President  
[rcraig@hpil.org](mailto:rcraig@hpil.org) or [@rodrcraig](https://twitter.com/rodrcraig) (Twitter)

Hope to see our Veteran's at the Ceremony on November 11<sup>th</sup> at 7:00 p.m.

## “BB” and Pellet Gun Ordinance

Reminder to residents and their guests that it is unlawful for any person to carry or possess any loaded or uncased “Air Rifle” within the corporate limits.

**Section 66-18** of the village’s local ordinance defines “Air Rifle” as “any air gun, air pistol, spring gun, spring pistol, BB gun, pellet gun or any implement that is not a firearm which shoots a pellet constructed of hard plastic, steel, lead or other hard materials with a force that reasonably is expected to cause bodily harm.

It is also unlawful to discharge any air rifle from or across any street, sidewalk, road, highway, or public land or any public place except on a safely constructed target range.

You may keep a BB gun or an air rifle within the confines of your home or other private enclosure. If you use the BB gun on your property it must be used in such a manner as to not endanger persons or property and the projectile must not be able to pass over any grounds or space outside the limits of such grounds or property.

## Winter Parking Regulations Ordinance #62-11-1323

NO PARKING on Village streets after TWO inch snowfall Limited parking for snow removal. It shall be unlawful to park any vehicle on any public street in the Village at any time within 24 hours after a snowfall of two inches or more has occurred, except on those streets where late night parking is permitted in Section 62-11-1327(b), that within 24 hours after a snowfall of two or more inches vehicles shall be parked only on the side of the street on the day during which late night parking is permitted.

## Overnight Parking Program Ordinance #62-11-1327(a)

With holiday parties and visiting relatives, you may need to park a vehicle on the street between 2:00 a.m. and 6:00 a.m. To get permission, you will need access to the internet and a valid email address.

Visit our website at [www.hpil.org](http://www.hpil.org), and under the Community Services section on the home screen, click on Night Parking.

Complete the online form and submit your request. **Requests must be received prior to the 2:00 a.m. cutoff time.**

A confirmation of your request will be sent to the email address you provided. You will need this just in case a ticket is issued in error. Night Parking permission is given four times every thirty days per household.

If you do not have access to the internet please call 630.823.5500.

## “I call 911 from my cell phone in Hanover Park but I don’t always get a dispatcher for Hanover Park Police or Fire?”

When you call 911 from a mobile phone, the call often lands in a regional center. A call-taker in a far-away city or county may answer. To get help to you, there are two pieces of information the call-taker needs to know immediately:

1. Tell the call-taker which city you're calling from.
2. Tell the call-taker what type of emergency you have (police, fire or ambulance).

Different emergency services use different dispatch centers. With the right information, the call-taker will transfer you to the right center.

**Program the alternative 911 emergency number for Hanover Park Police/Fire Dispatch 630.289.9111. This number will go directly to DUCOMM, the dispatching organization for Hanover Park.**

## NEWS FROM THE COUCH

By: *Tricia Rossi, LCSW*  
Police Department Social Worker

### Getting a Fresh Start

Not too long ago I had a garage sale and was *shocked* by the amount of things that I pulled out of my home. How had I accumulated so much stuff? I began to add up in my head all the money I had spent on things that I never used - it seemed like such a waste! That garage sale experience got me thinking about how many of us live our lives. How often do we march blindly through our lives, unconscious of the choices we are making? And how often do we keep things in our lives that no longer serve us?

After that garage sale I decided to clean up. I mean REALLY clean up, not just move things around from one drawer to another. I pulled my entire house apart and took a good, hard look at the mess in front of me. I realized that I had been accumulating stuff as a way of making up for what was lacking in my life. I was looking to material objects to give me joy. Don't get me wrong, there are certain possessions that do spark joy for many of us, and that's ok. What I'm referring to is the constant stream of collecting that allows us to remain in denial about our real issues. I decided that I no longer wanted to be an unconscious participant in my own life. Clearing away the clutter in my house helped me to clear away the clutter in my mind. I saw that I used shopping as a way to occupy my time. I vowed to stop running to the stores whenever I was bored, lonely or unhappy. Instead I made a conscious decision to find ways to connect with others, even though sometimes that is inconvenient or difficult to do. I also took inventory of the people in my life. Was I hanging on to toxic relationships just because it was easy or comfortable? Breaking off relationships that no longer fulfill us is difficult primarily because we fear change. Through purging the contents of my house, I realized that I was ready for a change. Are you ready for a change? I challenge you to clean out your clutter. You may just find yourself making a fresh start in other aspects of your life, as well.

# Fire Department

## Hanover Park Fire Department to Participate in FEMA Funded Research

The Hanover Park Fire Department has been notified that the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) has approved the Assistance to Firefighter’s grant application submitted in partnership with Skidmore College, University of Illinois, University of California at Los Angeles, Biomedical Modeling Division of U.S. Army Research, Globe Manufacturing, Zephyr Corporation, National Fallen Firefighters Foundation, International Association of Fire Fighters and Hanover Park Fire Department.

The grant, which will be administered by Dr. Denise Smith of Skidmore College and the University of Illinois, is for 1.5 million dollars and will be used to fund research testing of WASP™ (Wearable Advanced Sensor Platform) technologies for firefighters. The WASP™ system will be issued to all Hanover Park firefighters who will be required to wear the devices at all times when on-duty or participating in training. The WASP™ system will provide real time physiologic monitoring and tracking of firefighter vitals, core body temperature and 3-lead EKG while performing their duties and while on standby at the station including during downtime and sleep. Firefighters will wear these devices for a 12-month period, which will likely include several system upgrades as engineers at UCLA improve the technology based on findings discovered through usage. Hanover Park will be the only fire department participating in this national study.

Fire Chief Craig Haigh stated “I am extremely excited about this new round of research and want to thank Brian Chmielak, President of Local 3452 of the IAFF, for his support and leadership.” President Chmielak, along with Chief Haigh, jointly signed the commitment letter submitted on behalf of the Department indicating a willingness to participate in the project. A kickoff meeting with all the stakeholders will be scheduled in the coming weeks.

The “**Keep the Wreath Red**” program is an annual event aimed at increasing the awareness of fire safety while decorating our homes for the holidays. If a fire occurs that is determined to be the result of a holiday decoration, a white bulb replaces a **red** bulb on the **wreath**.

## National Fallen Firefighters Memorial

Annette Ayala and Cindy Jennings, both volunteer members of the Hanover Park Fire Department -- Fire Corps had the honor of laying wreaths on the National Fallen Firefighters Memorial as part of the National 9-11 Memorial Service held September 11<sup>th</sup>. The Fallen Firefighters Memorial is located on the campus of the National Emergency Training Center/National Fire Academy in Emmitsburg, Maryland. Both women were attending classes at the academy when they were offered the honor of participating in the ceremony.

The department’s Fire Corps response team provides firefighter rehab at fires and major incidents in both the Village and several neighboring communities. Firefighter rehab is a program designed to mitigate the detrimental impact of heat stress on the firefighters by providing them hydration, nourishment, core body cooling and medical monitoring. The program has been hugely successful in helping to reduce firefighter injuries and health related concerns.

Residents interested in volunteering as part of Fire Corps should contact the department at 630.823.5800.

*Photo Above:*

*Annette and Cindy are joined at the memorial service by Dr. Denis Onieal, Deputy United States Fire Administrator.*

### CPR/First Aid Class Reminder

Heartsaver CPR/AED	December 17

# Public Works

## 2016 Construction Projects:

The Village has had a busy construction season.

The big job for the year was the reconstruction/resurfacing of Celebrity Circle. Nearly 2,000 lineal feet of road was reconstructed and another 1,500 lineal feet was resurfaced. In addition, accessibility improvements were completed at each intersection and new storm sewer was added. It was a big job, but also a very big improvement.

The Village also completed storm sewer installations on Windsor Lane and Jefferson Street. Both of these were chronic wintertime icing problems where the initial design of the storm sewer might have worked when constructed, but after 20+ years of settlement in the neighborhood and the addition of impervious surface, more water was being sent to the curb line and it just couldn't handle the flow. Instead that water would sit in the curb and freeze in the winter. Both of these improvements were long needed and the Village was very happy to be a part of the solution.

Lastly, in an aging community, it becomes important to replace infrastructure as it begins to fail. While we can never do as much as we would like, the Village replaced 775 feet of twelve inch water main on Woodlake Drive. This was an area with regular water main breaks and it was exciting to be able to put in new pipe to keep the breaks from interrupting the residents' lives.

## HOW TO PROTECT OUR WATERWAYS IN FALL & WINTER

Fall is a time for football, cooler days and changing leaves.

However, with the fall season also comes the need for yard cleanup. In autumn, leaves are often blown or swept into storm drains and waterways and can become a source of water pollution. Once they reach waterways, leaves decompose and release phosphorus into the water, which can result in algae blooms and decreased oxygen for fish.

gutters and storm drains, which can lead to localized flooding.

- Composted leaves mixed with other organic materials provide nutrients necessary for fertilizing lawns.
- Leaves can be chopped down into small pieces and used as mulch.
- Utilize a bagged leaf (securely sealed) collection or removal service.

However, pollutants are not the only problem. Leaves can also build up along curbs,

## 2016 Environmental Award Nominees Sought

The Environmental Committee is seeking nominations for its 2016 Environmental Award. Businesses, non-profit entities, education institutions and private residents are all eligible to be nominated. The following criteria are used to evaluate the nominees.

- Environmental Impact
- Workplace Impact
- Participation in Regional Activities Environmental Projects

Nomination criteria and submittal information can be obtained online, at the Public Works Department or by calling the Environmental Hotline at 630.823.5706. Nominations are due by **December 2<sup>nd</sup>**.

## No Yard Waste Sticker Required For Leaf Collection in November

As a benefit to the residents of Hanover Park, leaf collection in November will not require a yard waste sticker to be collected by Republic Services/Allied Waste. This is during the month of **NOVEMBER ONLY**. Leaf collection in all other months will occur as it has previously. All you have to do is rake your leaves, put them into a recyclable yard waste bag, and set them at the curb on your normal trash pickup day. If you have any questions please contact the Public Works Department at 630.823.5700 or Republic Services at 847.429.7370.

## Christmas Tree Recycling

Christmas trees will be recycled throughout the Village on **Saturday, January 7<sup>th</sup>** and **Friday, January 13<sup>th</sup>**. Place your Christmas tree in the parkway and follow these guidelines:

- Do not put trees in plastic bags.
- Remove the stand and all decorations including lights, garland, tinsel, and metal (such as nails).
- Dispose of artificial or natural wreaths in the regular household garbage.
- Do not place artificial trees at the curb for recycling.

Set your tree out on the above dates. However, if you miss the special collection dates, Allied Waste Services will collect Christmas trees along with your regular garbage and refuse collection. This service will be provided to the homeowners associations not regularly serviced by Allied Waste Services.

Questions? Call the Village at 630.823.5700 or Allied/Republic Services at 630.469.1036 or 847.429.7370.

## Holiday Light Recycling

The Hanover Park Environmental Committee, in cooperation with Elgin Recycling, Inc., is collecting used holiday lights and extension cords for recycling. Bring in your entire strands, including lights that no longer work, to the Hanover Park Public Works Department, Monday through Friday, 8:00 a.m. to 3:30 p.m. The Village will collect these items through the end of March.

## “Silver Search Program”

Illinois has joined at least 42 other states in an alert system to help find missing and endangered subjects, such as Alzheimer's patients, who wander away from their homes or care facilities. SB 1846 established the “Silver Search Program” as part of the Endangered Missing Person Advisory to alert those in a community that a person with Alzheimer's disease or other dementia-like cognitive impairment is reported missing. The

Silver Search Task Force will work with state departments, law enforcement, nursing homes, and senior centers to implement a community outreach program, perform training, and raise awareness of the Silver Search Alert. Similar to the AMBER ALERT, when a subject is reported missing, efforts will include the use of electronic signs and billboards, the media, and reverse 9-1-1 to send out the information.

## Just for the Health of It

On Thursday, September 15<sup>th</sup> Officer Sullivan attended the Hanover Township Health Fair “Just for the Health of It” at the Hanover Township complex in Bartlett. There were over fifty health providers and several local Police and Fire Departments on hand distributing information on services to the many residents in attendance. The Hanover Park Police Department's Humvee was on display and numerous flyers were distributed to residents of Hanover Park on Police Services. Officer Sullivan even had a chance to participate in a senior CHI class and he appears to be feeling the burn in the photos below.

## 2016-2017 Michael H. Coleman Youth of the Year Scholarship Program

The Village of Hanover Park is seeking candidates for the 2016-2017 Michael H. Coleman Youth of the Year Award.

This award positively reinforces the outstanding qualities of our young people and publicly acknowledges their efforts. This honor is bestowed on a high school senior (Class of 2017) and is accompanied by a \$1,000 scholarship awarded to the Youth of the Year. There are also three \$500 scholarships awarded to the runner ups. The winner of the Youth of the Year Scholarship will be announced at the Village Awards' Reception on January 27, 2017.

Applicants must live in the Village of Hanover Park; write a one page essay sharing how they have been involved in improving themselves and the Village and the merits they wish to be considered by the review team. They must also include a letter of recommendation from a teacher, coach, or employer, etc. Letters may not be submitted by family members.

For more information, or to be sent a scholarship application, please call 630.823.5609 or visit our web site at [www.hpil.org](http://www.hpil.org).

APPLICATION DEADLINE - Friday, December 2<sup>nd</sup>

## Village of Hanover Park Sister's Cities Committee Travels to Cape Coast Ghana in West Africa

In August representatives from our Sister Cities Committee traveled to Cape Coast Ghana in West Africa, and visited friends and supporters from the town Hanover Park has been "twinned" with since 1992. Highlights included touring our namesake Hanover Park Primary School, which was conducting vacation classes in English and mathematics; as well as our long-time projects at the local hospital children's ward, and the domestic violence shelter at the Regional Police Headquarters. The committee members also enjoyed the traditional drumming, dancing and parades during the annual Fetu Afahye festival.

This summer Sister Cities International recognized the Hanover Park Committee activities as "Best Overall Program" for a town population of 25,000 - 50,000. The award was granted in competition with 53 others applications. The award also honored activities with Hanover Park's second Sister City in Valparaiso, Zacatecas, Mexico. The Committee meets the second Tuesday of each month at 7:00 p.m. in the Community Room of the Police Department. The meeting is open to the public and everyone is welcome to attend.

## Village of Hanover Park

2121 Lake St.  
Hanover Park, IL 60133
