Village of Hanover Park

September - October 2017

Hanover Park Celebrates 25th Anniversary with Sister Cities, Cape Coast

The Village of Hanover Park and the Hanover Park Sister Cities Committee hosted a celebration to recognize the 25-year anniversary of its Sister City relationship with Cape Coast, Ghana. The event was held on July 22nd at the Poplar Creek Library in Streamwood and attended by Hanover Park residents, elected officials, and others from the community – drawing a crowd of approximately 90 attendees.

Ghanaian food was served. Traditional textiles and artwork were on display prior to the official opening of the event which commenced with an invocation by members of the Midwest Islamic Center. Entertainment included singing by the Boafo sisters and members of the The Cherubs Choir from the Christian Tabernacle Church in Roselle. The Sankofa Dance Ensemble performed traditional dances.

Trustee James Kemper read a special proclamation and gave the Vote of Thanks; and Trustee Herb Porter led the audience in singing "The Star Spangled Banner." Trustees Rick Roberts, Sharmin Shahjahan and Village Clerk Eira Corral Sepúlveda were also in attendance.

The event concluded with a presentation of books to the Sonya Crawshaw Branch Library and the Hanover Park Branch Library, the serving of anniversary cake, and a drawing for door prizes.

Hanover Park has Sister City relationships with Cape Coast, Ghana in West Africa and Valparaiso, Zacatecas, in central Mexico. Please contact sistercities@hpil.org for additional information or if you have interest in becoming a member of the Hanover Park Sister Cities Committee.

Minute with the Mayor

A great time was had by all at this year's **Play ball Summer Baseball Game**. Many thanks to our Fire Department, Police Department and Public Works staff who came out to coach and support the event. Also thanks to the Hanover Park Boy Scout Troop 398 for pitching in for the flag ceremony at the event, and of course, the Hanover Park Little League players. Many Mayor's across the Country have dedicated a day to promote baseball! What a great celebration of a favorite pastime and a healthy & active lifestyle.

As school begins, remember **we believe all Hanover Park children are capable of success, NO EXCEPTIONS!** Mom & Dad....Read with your children, and engage your PTO or PTA. I look forward to another outstanding school year with our loving and caring teachers, staff, and Administrators. Together, Hanover Park will model a Community that is family-oriented, safe, and caring. That is our Hometown. Also, please be cautious when traveling around town as children come and go from their schools. The Police Department will work closely with our Principals to ensure safe access to schools.

Congratulations to our **Sister Cities Committee** on the 25th Anniversary with our sister city, Cape Coast, Ghana. The Committee has done great work with both Cape Coast and our second sister city, Zacatecas, Mexico. They celebrated in July with a wonderful 25th Anniversary Celebration!

Please be sure to join us at 9:00 a.m. on Monday, September 11th for our **9/11 Memorial Ceremony**, where we will remember those who lost their lives and loved ones.

The **Saturday Cruise Night** has proven to be a great addition to Hanover Park. I encourage you to stop by with your family, see some wonderful cars, listen to some music, and enjoy this fun, family-friendly event. It takes place Saturday nights through the end of October starting at 5:00 p.m. at Barrington Road & Tower Drive.

Finally, it continues to be my pleasure to represent the people of Hanover Park, our hometown. We cannot do it without you! Take the time to volunteer and give back to our wonderful town, at the schools, churches, or assisting on the playing field. We are a Village that believes that all youth will achieve and have hope for success without exception. Together, we are finding ways to believe in our youth and together we can make a difference in Hanover Park!

Sincerely,

Rodney S. Craig, Village President

HOW TO DISPLAY THE AMERICAN FLAG

The U.S. flag stands for our nation and the shared history, pride, principles, and commitment of its people. When we properly display this powerful symbol, we signal our respect for everything it represents.

The flag shouldn't be flown in inclement weather unless it's an all-weather flag.

Flags displayed at night should be properly illuminated.

In a time of national mourning, hang the flag at half-mast.

The flag can be flown every day, but it is often flown to show patriotism on these observances:

- | | | |
|-----------------------|------------------|------------------|
| New Year's Day | Memorial Day | Constitution Day |
| Inauguration Day | Flag Day | Columbus Day |
| Lincoln's Birthday | Independence Day | Navy Day |
| Washington's Birthday | Labor Day | Veterans Day |
| Armed Forces Day | Patriot Day | Thanksgiving Day |
| | | Christmas Day |

WHEN DISPLAYING THE FLAG...

From your porch, place the union (blue section) at the peak of the staff.

Against a wall or on a window, place the union (blue section) at the top left corner.

On your vehicle, clamp the staff to the right front fender.

With another flag, place the U.S. flag to your left when crossed.

Keep your flag completely dry and folded properly — into a triangle, with the union (blue section) visible — before storing it in a well-ventilated area. If the flag is damaged or worn out, it should be disposed of with dignity.

Source: United States Code, Title 4, Chapter 1—The Flag

The flag should not touch anything below it or rest on the ground.

www.USA.gov/explore

Hanover Park Fire Department Awarded Bystander CPR Kits

The Hanover Park Fire Department is pleased to announce that it has been awarded 3 Bystander CPR kits through a grant from Illinois Heart Rescue (ILHR). Each kit consists of 8 CPR mannequins, 1 AED trainer, and a training video that can play in 6 languages.

The department has developed a program using the kits that will assist in educating the community about early intervention during Sudden Cardiac Arrest (SCA) by teaching bystander (hands only) CPR.

The state of Illinois has 100 kits to award to communities in hopes to reach a goal to increase state SCA awareness by 40%.

9-11 MEMORIAL CEREMONY

Department Rolls out New “Squad” Program

Craig A. Haigh, MS, EFO, NRP
Fire Chief, Hanover Park Fire Department

Hanover Park – Squad 15

Over the last several months the department has been working to roll out a new “Squad” program in compliance with a regional response plan developed jointly with our neighbors and our regional dispatch center. Under the plan, specific area departments will provide specialized response services not only within their own community but also to neighboring jurisdictions. Each of these select departments have agreed to enhance rescue training as well as become the regional experts in a specific field. Hanover Park has taken on the task of Hazardous Materials response along with enhancing capabilities and knowledge in “heavy rescue” – which includes large vehicle extrication/rescue, machine rescue, and downed firefighter rescue. Personnel are also receiving training in structural collapse, trench collapse/rescue, rope rescue, confined space rescue, and dive/swift water rescue.

Squad 15's – Hazardous Materials Unit

The goal of the “Squad” system is to enhance regional efficiency, reduce duplication of services and control costs. The system works as part of the long standing MABAS System (Mutual Aid Box Alarm System) that now serves as a national model for how departments can better respond together to handle major emergency incidents. Learn more about MABAS at <http://www.mabas-il.org/Pages/default.aspx>.

For Hanover Park’s role, the Department is operating a custom designed Rescue/ Engine known as “Squad 15.” Along with this new Rescue/Engine the squad personnel also use a second unit when needed that brings all the hazardous material equipment and supplies. The Department is excited to be part of this new regional deployment system.

Hanover Park Fire Department

October 7, 2017

10:00 a.m.-2:00 p.m.

Hanover Park Fire Station #1, 6850 Barrington Road

Did you know that Fire Prevention Week marks the anniversary of the Chicago Fire?

“Sparky the Fire Dog” and the Hanover Park Fire Department are inviting all youngsters to bring their parents to the Fire Department Open House on Saturday, October 7, 2017 from 10:00 a.m. until 2:00 p.m.

Each year, the Fire Department hosts an Open House where residents are given an opportunity to see demonstrations of various equipment at the Fire Department, as well as receive information on fire prevention. Event attendees are welcome to participate in many of the open house activities and educational demonstrations, all focused on fire prevention and safety techniques. Attendees will see how a fire station operates, meet special search and rescue dogs, participate in fire safety activities, crafts, and even have the opportunity of dressing like a firefighter for the day.

For further details, contact the Fire Department at [\(630\) 823-5800](tel:6308235800).

Public Works

Help Keep Your Storm Drain System Ready to Go

The grated storm drains that you see on almost every street corner allows rain water to drain from Village streets and surrounding properties. They are especially important during storms when the high volume of water falling on streets would otherwise cause flooding.

Also known as catch basins, storm drains are the entryway from our streets to our storm water system that ultimately drains to the DuPage River. When storm drains get clogged with fallen leaves and debris, water can no longer be drained from the street. Water ponds along streets and can flood intersections and homes. Localized street flooding can be a hazard to the traveling public.

Contrary to popular belief, pet wastes, oil and other materials dumped into catch basins do not go to the wastewater treatment plant, but instead flow directly into the West Branch of the DuPage River. For example, dumping five quarts of oil can create a slick as large as two football fields and persist on mud or plants for six months or more.

It is important to monitor and clean catch basins to prevent street flooding, property damage, and hazards to the traveling public. Please help us keep the system clean and ready to accept water. Stand on the curb and use a rake or pitch fork to clear leaves, limbs, and debris from the catch basin. Do not attempt to remove the grate, only the debris on top of the grate.

The best time to inspect the storm drain in front of your house or business is before a rain storm. Monitor and clean the catch basin in the fall when the trees are shedding their leaves. When the forecast calls for heavy rainfall or snow and ice, remove debris from the catch basin before a storm. After a winter storm, maintain the openings to catch basins by clearing away any snow or ice. Create a 10 to 12-inch path along the curb for melting snow and ice to drain to the catch basin.

A little bit of action on your part can save you and your neighbors from having street flooding in front of your home. Your help is appreciated.

9th Annual Household Recycling Event

Saturday, September 23rd

9:00 a.m.-1:00 p.m.

Commuter Lot (Lake Street & Church Street)

THERE WILL BE NO ELECTRONIC RECYCLING AT THIS EVENT.

PLEASE DO NOT BRING HOUSEHOLD ELECTRONICS.

Acceptable items for recycling include:

- Cell phones and ink-jet cartridges
- Eye glass, hearing aids and keys
- American flags
- CFL and fluorescent bulbs
- Household batteries
- Large lead-acid batteries (automobile, sump pump, SLA, and marine batteries only)
- Bicycles, crutches, and wheelchairs in working, usable condition (will be donated to people living in poverty)
- Motor oil and antifreeze
- Clean, usable child and adult clothing
- Assistive devices: walkers, crutches, canes and so on
- Fire extinguishers and scrap metal.
- Personal documents for shredding (service is free; limited to three boxes total. No businesses.) - Sponsored by Cool DuPage
- SCARCE: Books, records, Britta & Pur filters & pitchers
- Mercury thermometers & thermostats

Call 630.823.5706 or log on to www.hpil.org for details.

Brush Pick Up Schedule

The Village's final brush pickup cycle will take place during the month of October in accordance with the following schedule:

- **Area 1 and 2 - October 2** (Streets North of Lake Street)
- **Area 3 and 4 - October 16** (Streets South of Lake Street)

All branches must be out by 7:00 am on the first day of pickup for your area. If you miss your scheduled pickup, you may put brush and branches out for pickup by Allied Waste services on Friday's through December 1, 2017.

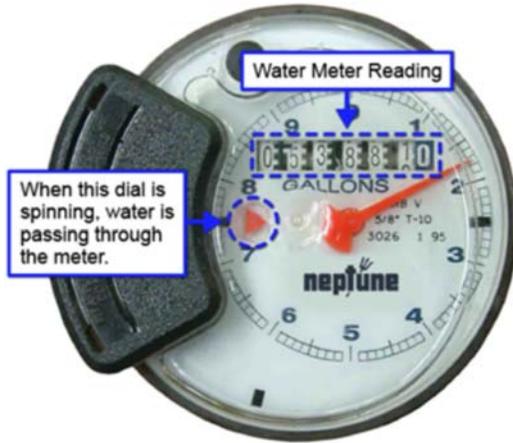

Wood chips, which are a by-product of the Brush Pick Up program, are available for pick up or delivery. If interested, please contact Public Works at 630.823.5700 for further information or to request a delivery.

No Yard Waste Sticker Required for Leaf Collection in November

As a benefit to the residents of Hanover Park, leaf collection in November will not require a yard waste sticker to be collected by Republic Services/Allied Waste. This is during the month of NOVEMBER ONLY. Leaf collection in all other months will occur as it has previously. All you have to do is rake your leaves, put them into a recyclable yard waste bag, and set them at the curb on your normal trash pickup day. If you have any questions please contact the Public Works Department at 630.823.5700 or Republic Services at 847.429.7370.

How to Read Your Water Meter

The large sweep hand on the dial measures water use in gallons. One gallon or one cubic foot of water passes through the water meter as the sweep hand moves from one number to the next (e.g., 0 to 1). A complete rotation equals 10 gallons depending on the unit measured. Most analog dials have a low-flow indicator that turns as water moves through the water meter. This typically looks like a small triangle (shown), star or gear.

Leak Detection Test

Once you know how to read your water meter, you can begin to check for the presence of continuous leaks by following the procedure below. Do not use water or operate any water-using devices in or around your home during the test.

Step-by-Step Instructions

1. Observe the sweep hand. If it is moving, you have a continuous leak.
2. Observe the low-flow indicator. If it is moving, you have a continuous leak.
3. Some leaks are so small that the movement is almost undetectable. To determine if you have a slow leak:
 - a. Read your water meter and record the numbers. Use the number indicated by the sweep arm as the final digit.
 - b. Wait 20 minutes then read your water meter again and record the numbers.
 - c. Subtract the first water meter reading from the second.
 - d. If Gallons Used is greater than zero you have a continuous leak.

The Police Department Hosts a Successful 2017 COPS Day Picnic

On July 14th, 2017 at 5:00 p.m., the Hanover Park Police Department held its Annual COPS Day Picnic at the Park District property at Church and Walnut. The picnic fosters a relationship between the police department and the community it serves. The picnic included appearances by several local mascots, including *Coop* from the Schaumburg Boomers and *Skates* from the Chicago Wolves, as well as *McGruff the Crime Dog*. The picnic also featured a presentation by K-9 officer Wiebe and his partner, Echo. An emergency vehicle display with specialized equipment from departments all over the area was very popular, especially with our younger attendees!

Several local social service organizations were on hand to display their offerings while members of the police department prepared and served nearly 1,100 hotdogs and refreshments to residents from the Community. The COPS Day Picnic was followed by the first-ever "Movie in the Park" with an outdoor showing of *Moana*.

Thank you to everyone who attended and to everyone who participated, helping to make this year's picnic one of the most successful ever!

The Bartlett Area Chamber is offering a unique opportunity for community members to experience the Chinese culture, history, and business. Through a partnership with Citisync, International, the Chamber is offering a cost-effective trip to China. The trip will take place April 7-15, 2018 and includes stops in Beijing, Shanghai, Suzhou and Hangzhou with opportunities to visit historic sites like the Great Wall of China and Tian An Men Square. The Chamber will host an informational meeting on September 21 in the Community Room in the Hanover Park Police Department, 2011 W. Lake St., from 6:00 p.m. to 7:00 p.m. to answer any questions regarding the trip. Please call the Chamber office at 630-830-0324 if interested in attending.

"We're excited to organize a Bartlett Area Chamber China Tour," said Nan Gudenkauf, Chamber President. "Having just returned from this trip, I can tell you, this is an excellent opportunity to be introduced to China. It's extremely affordable and includes visits to major cities, various economic zones, and major historical sites."

The trip includes round trip airfare from Chicago, hotel accommodations at Four and Five Star hotels, three full meals a day, entrance fee to attractions, and access to professional drivers and tour operators. Some of the highlights include visiting the Forbidden City, Temple of Heaven, Summer Palace, Ming Tombs, and The Bund. There is also an opportunity to visit with a local Chinese business. The meeting is optional and requires filling out an inquiry form indicating what type of business or industry one is interested in learning more about.

Call the Bartlett Area Chamber with any questions at 630.830.0324 or email nan@bartlettareachamber.com.

Hanover Park's Community and Economic Development Department Helping Local Businesses

The Village of Hanover Park knows the importance of growing and sustaining a business as it adds to our local economy's diversity and vibrancy. Therefore, Community and Economic Development Department staff puts together programs and events to assist all businesses – from mom-and-pop stores to the large industrial. Some of the recent programs and events are listed below:

The **Hanover Park Small Business Workshop**, helps businesses to learn from industry experts about growing their business. Workshop sessions are held such as Building a Business Plan and How to Grow and Sustain a Business. Additionally, partnering organizations are at hand, such as Accion Chicago and Women's Business Development Center of Aurora, Chambers of Commerce and banks, to provide additional information.

Next Level Northwest is a new business accelerator program, a result of collaboration between five communities, including Hanover Park.

This program will help "Stage II" businesses that are looking for coaching and technical assistance to accelerate their business to the next level. Next Level Northwest will officially launch this Fall, where businesses that have operated for about 3 years, have more than one employee, and have a business plan can apply to be selected for the assistance. Visit www.nlnw.org for more details.

The **Local Business Expo**, where businesses and service agencies from the area participate, is open to the public, and will be held on October 11, at the Park District Gymnasium. Community and Economic Development staff, as well as elected officials, visit area businesses on a regular basis not only to establish a good working relationship, but to also learn about any issues they may have and proactively address them. In the past 18 months, we have met with over 20 businesses, which represent over 3 million sq. ft. of industrial and commercial space and approximately 2,000 employees. A business newsletter is another tool that is being used to maintain our pro-business environment.

If you would like more information about any of these programs or events, then please contact Community and Economic Development by calling 630-823-5780.

Thank You!

The Village would like to extend a special thank you to the following company who participated in our 2017 Corporate Partnership Program, which enables the Village to provide the community with programs and special events. Learn more about the program by contacting Sue Krauser at skrauser@hpil.org.

Neighborhood Watch:

Interested in becoming a Neighborhood Watch block captain? Contact 630.823.5635 for more information.

For questions or concerns regarding Village services, call 630.823.5600.

HAPPY HALLOWEEN Trick or Treat Hours

TUESDAY, OCTOBER 31 3:00-7:00 P.M.

TRICK OR TREATERS

- I have a flashlight or reflector
- I stay in a group and if a parent isn't with us, they know the route we will follow.
- I never enter a stranger's home or car for a treat.
- I walk slowly and I don't run!
- I always cross streets at the corner and always look both ways.
- I use the sidewalk and don't cut through yards.
- I use make-up instead of a mask, or at least I take my mask off between houses.
- I only go to houses that have a light on.
- I know how to Stop, Drop, and Roll if I catch fire.
- I know my address and phone number and can call 9-1-1.
- I never try to pet an animal I don't know.

PARENTS

- My child's costume is bright, reflective, and made of flame retardant material.
- My child's costume fits well and does not drag.
- My child has a flashlight and reflectors
- An adult or responsible older child is accompanying my child.
- I know the route they are going, and it is in a well-known and well-lit area.
- My child had a good meal before trick or treating.
- My child knows not to eat anything before I check it.
- My child knows his or her address and telephone number and how to reach me.
- My child knows the difference between pranks and vandalism.
