FILLING UP YOUR POOL?

The Hanover Park Water Billing Department has made it easy to estimate how much water it will take to fill up your pool and the approximate cost. Check out the above chart to see how much it will cost to fill up your pool.

*All measurements are estimates and may vary depending on pool size, height, type, and brand.

Help stay safe this summer by following these pool tips

- Stay out of the pool during rain and lightning storms.
- Maintain a clean pool. A dirty pool can cause sickness and infection.
- Use a safety cover or restrict access to the pool when it is not in use.
- Store pool chemical in a safe area away from the pool area and out of reach of children.
- Make sure everyone knows how to swim and ensure children are always accompanied by an adult.
